SPA EXPERIENCE

The Spa Experience includes access to the Hydrotherapy Pool & Thermal Suite for up to 3 hours

Hydrotherapy Pool: indoor and outdoor in a stunning setting overlooking La Cala Resort. These warm pools, which have airbeds, body and foot jets, neck massage fountains and a geyser, provide the opportunity for relaxation, pleasure and therapy. You can take the opportunity to relax on the adjoining sun-deck.

Thermal Suite: Hammam: Turkish-style relaxing steam room where aromatic oils diffuse into the atmosphere to help relax and calm the mind. **Garden Crystal Sauna:** a hot dry heat (80° to 90°C) is a key element in the cycle of hot and cold biothermal treatments that result in toning the skin, conditioning the respiratory and circulatory systems and deep relaxation of the mind and body. **Herbal Steam Room:** featuring pure herbal essences. This wonderful cabin is hotter and more steamy than the Hammam. **Experience Showers:** an interesting and enjoyable way to cool down, these showers offer different water pressures and temperatures, lighting, fragrances and sounds. **Igloo:** this ice room provides another inviting alternative for cooling and stimulation using ice crystals. **Kneipp Foot Baths:** foot massage in either hot or cold water. **Tepidarium:** a warm, slightly humid area where you can comfortably relax on heated ceramic loungers. **Relaxation Room:** a cooler option to the Tepidarium.
